# RESIDENCE ASSESSMENT/CONSULTATION SERVICE REQUEST

## 1. Residence Assessment

To emigrate, you or your partner must fulfil the strict requirements of the Immigration Authorities. There are various categories of residence application, different for each country. Most applications are ranked on a 'points system' against a prevailing 'pass mark'. Our comprehensive assessment will determine the most suitable category and produce a written report advising as to your likely eligibility for gaining a Residence Visa.

Assessment Fee: £95

## 2. Personal Consultation

Most clients feel they will benefit from a personal consultation with one of our experienced consultants. The consultation provides the opportunity to fully review the results of your assessment and job appraisal. Also to explain in detail our further professional services and discuss the many aspects of living and working overseas.

Consultation Fee: £195

## 3. Employment Appraisal

Our overseas based specialists can help find you a job. Their success rate is due largely to the way we operate which is unlike a typical employment agency in that we act on behalf of you, and not the employer. We understand that you will want to feel confident of your chances of gaining employment and the best way to achieve this is to allow us to carry out an initial job appraisal for you. As a unique individual, you require a unique appraisal of your current employment prospects.

Our appraisal will cover:

- An evaluation of your career goals in the short term and the compatibility with the local market place
- A detailed discussion with you 'face to face' or, if appropriate, by telephone
- Details on how your employment will be secured

No Additional Charge

## Reduced Price Offer!
