

Emigrate with peace of mind

Skilled Trades People and Professionals...

All you need to know to begin a

NEW LIFE IN AUSTRALIA & NEW ZEALAND

The Emigration Group is hosting two half - day seminars.

This is a not to be missed opportunity to obtain all the information you require about emigrating from one venue.

Seminars on Migration to Australia & New Zealand

Sunday 12th February 2012, in Manchester

We no longer exhibit at the huge shows attended by thousands of would be migrants as they have become far too crowded and impersonal. Migrating to the other side of the world is a very personal and emotional experience. Our new style seminars are just that...**personal**. With a maximum of just 50 people for each, they provide the best opportunity you have to find out about:

- **Applying for Residence...the process**
- **Finding a Job**
- **Successful Resettlement**
- **...& More!**

We have also arranged for a number of other specialists in the migration field to participate fully in the seminars, to make sure you get the answers you need. They include experts in:

- **Removals**
- **Foreign Currency**
- **Banking**
- **Tax & Pensions Transfer**

On the day, as well as presentations to give vital information, you will be able to meet privately with each of the specialists in turn.
